RE: Governor's Bill No.16

Dear Members of the General Assembly:

I am concerned at the lack of attention given to this bill.

The opening statement of Governor's Bill No.16 reads:

**“An Act Addressing Gun Violence And Juvenile Crime”.**

This opening statement and content is completely disconnected from the all important summary ‘Statement Of Purpose’ at the conclusion of the bill. That statement reads:

**“To implement the Governor's budget recommendations”.**

This incongruity in purpose statements is unacceptable. The summary ‘Statement of Purpose’ has nothing to do with the content of the bill in question. For this reason and others, I stand in opposition to Governor's Bill No.16 as presented.

In Sincerity,

Rev. Tim Carr
